INTRODUCTION

The IUPUI alumni survey began in 1992 with funding IUPUI received as part of the 1990 Perkins Vocational and Applied Technology Act. In 2011, the survey was revised and a Graduate Alumni Survey was created. The current iteration of the IUPUI Graduate Alumni Survey was created by staff in Information Management and Institutional Research (IMIR) with feedback from Deans, Associate Deans, the Center for Service and Learning, and Career Services. The original Undergraduate Alumni Survey, the results of the 2008 Graduate Student Survey, and the IUPUI Principles of Graduate and Professional Learning (PGLs) were consulted when constructing this survey. Currently, the Graduate Alumni Survey has 5 sections focusing on graduates' satisfaction with their overall IUPUI experience, satisfaction with their assistantship, the impact of IUPUI on their learning, further education, and current employment.

A sample of 4,134 graduate students who graduated with a Master's, Doctoral-Practice, or Doctoral-Research degree from any Indiana University or Purdue University school located on the IUPUI or IUPUC campus between Spring 2008 and Summer 2010 was provided to IMIR by the Indiana University Alumni Association. All alumni in this sample were sent an e-mail inviting them to participate in the survey. Of the 4,134 students contacted, 1,397 of those had invalid e-mails and two declined to participate, leading to an adjusted sample size of 2,735. Reminder e-mails were sent to non-respondents two, four, and six weeks following the initial e-mail. A total of 401 alumni responded to the survey for a response rate of 14.7%. Demographic and academic characteristics of School of Liberal Arts and all respondents appear in tables 1 and 2 below.

The following is a report of the 38 respondents who received a Master's degree from the School of Liberal Arts at IUPUI. In order to demonstrate the extent of the difference between the scale means of schools and the scale mean for all IUPUI Master's respondents, effect sizes were generated. Effect sizes represent the number of standard deviation units between the school and campus means. In general, an effect size with an absolute value of less than 0.2 of a standard deviation is seen as "trivial," and an effect size with an absolute value of 0.2 or greater is meaningful. Prudence should be considered when interpreting these results, as the low response rate for this survey may have led to results not consistent with the entire IUPUI population. For further information, including other reports derived from the 2011 IUPUI Graduate and Undergraduate Alumni Surveys, please consult the Alumni Surveys section of the IMIR website, located at imir.iupui.edu/surveys/alumni.

Table 1
Demographic Characteristics of Respondents

	Liberal Arts Master's Degree Respondents	All Master's Degree Respondents
	<i>Percentages</i>	
Gender		
Female	73.7	61.6
Male	26.3	38.4
Ethnicity ^a		
African-American	10.5	5.9
Asian-American/Pacific Islander	2.6	2.2
Caucasian	76.3	76.9
Hispanic	2.6	3.4
Native American/Alaska Native	0.0	0.3
International Student	5.3	7.8
Unknown	2.6	3.4
Age at graduation ^b		
Less than 25 years of age	16.7	16.4
25 – 29	25.0	31.1
30 – 39	22.2	18.5
40 years of age or older	36.1	33.9

^a Since most participants graduated before the most recent ethnic codes were implemented, pre-2010 ethnic codes were used in this analysis.

^b For spring semester graduates, age is calculated as of the day of commencement. For fall and summer graduates, age is calculated as of the degree date provided by their school. For most schools, the date is December 31 for fall graduates, June 30 for summer I graduates, and August 31 for summer II graduates (though there is variation between schools).

Academic Characteristics of Respondents

	Liberal Arts Master's Degree Respondents	All Master's Degree Respondents
	<i>Percentages</i>	
Academic year of graduation		
2007-2008	31.6	19.2
2008-2009	31.6	35.9
2009-2010	36.8	44.9
Program GPA ^a		
4.00	15.8	8.4
3.80-3.99	44.7	42.8
3.60-3.79	28.9	24.7
3.20-3.59	5.3	20.0
3.19 or lower	5.3	4.1

^a GPA earned for classes completed at an Indiana University campus within their program of study that would count towards the students' degree. Does not include grades earned in classes transferred from outside of Indiana University.
