Bloomington**B. Enrollment and Persistence****B1****Institutional Enrollment - Men and Women**

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as "first professional" in the graduate cells.
2. For information on reporting study abroad students please see: https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.

<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Fall 2018 Cohort

	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)

E - Of the initial 2017 cohort, how many completed the program in more than four years but in five years or less (after Aug. 31, 2021 and by Aug. 31, 2022)	143	96	412	651
F - Of the initial 2017 cohort, how many completed the program in more than five years but in six years or less (after Aug. 31, 2022 and by Aug. 31, 2023)	25	16	78	119
G - Total graduating within six years (sum of lines D, E, and F)	1,087	856	4,521	6,464
H - Six-year graduation rate for 2017 cohort (G divided by C)	73.00%	77.75%	84.13%	81.17%

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

91.1%

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

	Men	Women	Another Gender	Unknown
Total first-time, first-year students who applied in Fall 2024	32,676	34,951	20	0

C9

Percent and number of first-time, first-year students enrolled in Fall 2023 who submitted national standardized (SAT/ACT) test scores.

- Include information for **ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.**
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Does your institution allow high school students to enroll as full-time, first-time, first-year students one year or more before high school graduation? X

C20

Common Application: Question removed from CDS. (Initiated during 2006-2007 cycle)

C21-C22 Early Decision and Early Action Plans

C21

Early Decision

Yes No

Does your institution offer an early decision plan (an admission plan that permits students to apply and be notified of an admission decision well in advance of the regular notification date and that asks students to commit to attending if accepted) for first-time, first-year applicants for fall enrollment?

X

If "yes," please complete the following:

First or only early decision plan closing date

First or only early decision plan notification date

Other early decision plan closing date

Other early decision plan notification date

For the Fall 2024 entering class:

Number of early decision applications received by your institution

Number of applicants admitted under early decision plan

Please provide significant details about your early decision plan:

C22

Early action

Yes No

Do you have a nonbinding early action plan whereby students are notified of an admission decision well in advance of the regular notification date but do not have to commit to attending your college?

X

If "yes," please complete the following:

Early action closing date 11/1

Early action notification date 1/15

Is your early action plan a "restrictive" plan under which you limit students from applying to other

early plans?

Yes

No

Describe other transfer credit policies:

Only coursework earned at a regionally accredited institution will transfer. Transfer credit may count toward your degree at IU, but it will not count toward your GPA at IU. Individual schools and departments at IU determine how transferred credits will apply toward your degree requirements. Courses for which IU does not have an equivalent offering can sometimes be transferred as undistributed credits. An academic advisor will be able to explain how undistributed credits may count toward a degree. Veterans may earn college credit for educational experiences in the armed services.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.

- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.)
- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of

the student and **should** be included.

- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.
- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, "total degree-seeking undergraduates"**) in the following categories.

- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.
- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	2,124	476	2,600

D) Total number who are men	1,194	203	1,397
E) Total number who are nonresidents (international)	141	7	148
F) Total number with doctorate, or other terminal degree	1,913	198	2,111
G) Total number whose highest degree is a master's but not a terminal master's	204	241	445
H) Total number whose highest degree is a bachelor's	4	34	38
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	3	3	6
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	18	to	1
Ratio is based on number of students:	40,562.41		
Ratio is based on number of faculty:	2,198.15		

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Institutional Enrollment - Men and Women

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as "first professional" in the graduate cells.
2. For information on reporting study abroad students please see: https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.

<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

Provide information for **ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year students** enrolled in **Fall 2024**, including students who began studies during summer, international students/nonresidents, and students admitted under special arrangements.

C9

Percent and number of first-time, first-year students enrolled in Fall 2023 who submitted national standardized (SAT/ACT) test scores.

- Include information for **ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.**
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a

four-one-four plan.

- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.)
- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of

the student and **should** be included.

- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.
- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, “total degree-seeking undergraduates”**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.

- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.
- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Number of Enrolled Students Awarded Non-need-based Scholarships and Grants

List the number of degree-seeking full-time and less-than-full-time undergraduates who had no financial need and who were awarded institutional non-need-based scholarship or grant aid.

- Numbers should reflect the cohort awarded the dollars reported in H1.
- In the chart below, students may be counted in more than one row, and full-time freshmen should also be counted as full-time undergraduates.

		First-time, Full-time, First-year	Full-time Undergrad (Incl. Fresh.)	Less Than Full-time Undergrad

H4-H5

Note: These are the graduates and loan types to include and exclude in order to fill out CDS H4 and H5.

Include:

- 2024 undergraduate class = all students who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024.
- Only loans made to students who borrowed while enrolled at your institution.
- Co-signed loans.

Exclude:

- Students who transferred in.
- Money borrowed at other institutions.
- Parent loans.
- Students who did not graduate or who graduated with another degree or certificate (but no bachelor's degree.)

H4

Provide the number of students in the 2024 undergraduate class who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024. Exclude students who transferred into your institution.	2,561

H5

Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The “Average per-undergraduate-borrower cumulative principal borrowed,” is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

Source/Type of Loan	Number in the class (defined in H4 above) who borrowed from the types of loans specified in the first column	Percent of the class (defined above) who borrowed from the types of loans specified in the first column (nearest 1%)	Average per-undergraduate-borrower cumulative principal borrowed from the types of loans specified in the first column (nearest \$1)

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	3,004	1,352	4,356
B) Total number who are members of minority groups	814	301	1,115
C) Total number who are women	1,379	772	2,151
D) Total number who are men	1,625	580	2,205
E) Total number who are nonresidents (international)	112	13	125
F) Total number with doctorate, or other terminal degree	2,698	902	3,600
G) Total number whose highest degree is a master's but not a terminal master's	270	342	612
H) Total number whose highest degree is a bachelor's	36	101	137
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	0	7	7
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	13	to	1
Ratio is based on number of students:			15,073.20
Ratio is based on number of faculty:			1,150.23

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Institutional Enrollment - Men and Women

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as "first professional" in the graduate cells.
2. For information on reporting study abroad students please see:
https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at <https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.
- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this

category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.

- **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.
<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking

undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered admission.
- Since the total may include students who did not provide gender data, the detail need not sum to the total.

- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

	Men	Women	Another Gender	Unknown Gender
Total first-time, first-year students who applied in Fall 2024	668	1,365	0	0

- Include information for **ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.**
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.

- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.)
- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of

the student and **should** be included.

- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.
- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, "total degree-seeking undergraduates"**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.

- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.
- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The “Average per-undergraduate-borrower cumulative principal borrowed,” is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution’s payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	96	143	239
B) Total number who are members of minority groups	18	11	29
C) Total number who are women	58	89	147
D) Total number who are men	38	54	92
E) Total number who are nonresidents (international)	6	1	7
F) Total number with doctorate, or other terminal degree	79	45	124
G) Total number whose highest degree is a master's but not a terminal master's	16	84	100
H) Total number whose highest degree is a bachelor's	1	12	13
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	0	2	2
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	15	to	1
Ratio is based on number of students:			2,184.08
Ratio is based on number of faculty:			143.19

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

B. Enrollment and Persistence

Institutional Enrollment - Men and Women

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as “first professional” in the graduate cells.
2. For information on reporting study abroad students please see:
https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time “All other undergraduates” section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.
<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

	Fall 2018 Cohort			
	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)
A - Initial 2018 cohort of first-time, full-time bachelor's (or equivalent) degree seeking undergraduate-students	274	91	254	619
B - Of the initial 2018 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; report total allowable exclusions	0	0	0	0
C - Final 2018 cohort, after adjusting for allowable exclusions	274	91	254	619

D - Of the initial 2018 cohort, how many completed the program in four years or less (by Aug. 31, 2022)	77	25	90	192
E - Of the initial 2018 cohort, how many completed the program in more than four years but in five years or less (after Aug. 31, 2022 and by Aug. 31, 2023)	29	13	33	75
F - Of the initial 2018 cohort, how many completed the program in more than five years but in six years or less (after Aug. 31, 2023 and by Aug. 31, 2024)	6	1	7	14
G - Total graduating within six years (sum of lines D, E, and F)	112	39	130	281

Fall 2017 Cohort

	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)
A - Initial 2017 cohort of first-time, full-time bachelor's (or equivalent) degree seeking undergraduate-students	229	77	267	573
B - Of the initial 2017 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; report total allowable exclusions	0	0	0	0
C - Final 2017 cohort, after adjusting for allowable exclusions	229	77	267	573
D - Of the initial 2017 cohort, how many completed the program in four years or less (by Aug. 31, 2021)	64	26	89	179
E - Of the initial 2017 cohort, how many completed the program in more than four years but in five years or less (after Aug. 31, 2021 and by Aug. 31, 2022)	20	15	21	56
F - Of the initial 2017 cohort, how many completed the program in more than five years but in six years or less (after Aug. 31, 2022 and by Aug. 31, 2023)	7	2	8	17
G - Total graduating within six years (sum of lines D, E, and F)	91	43	118	252
H - Six-year graduation rate for 2017 cohort (G divided by C)	39.74%	55.84%	44.19%	43.98%

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

	Men	Women	Another Gender	Unknown Gender
Total first-time, first-year students who applied in Fall 2024	610	1,325	1	0

- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.
- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included

in tuition (e.g., registration, health, or activity fees.)

- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.
- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, “total degree-seeking” undergraduates**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.
- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.

- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The "Average per-undergraduate-borrower cumulative principal borrowed," is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	119	105	224
B) Total number who are members of minority groups	14	7	21
C) Total number who are women	75	64	139
D) Total number who are men	44	41	85
E) Total number who are nonresidents (international)	9	2	11
F) Total number with doctorate, or other terminal degree	78	29	107
G) Total number whose highest degree is a master's but not a terminal master's	35	55	90
H) Total number whose highest degree is a bachelor's	6	18	24
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	0	3	3
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	15	to	1
Ratio is based on number of students:			2,322.77
Ratio is based on number of faculty:			153.65

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Institutional Enrollment - Men and Women

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as "first professional" in the graduate cells.
2. For information on reporting study abroad students please see: https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.

<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Fall 2018 Cohort

	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)
A - Initial 2018 cohort of first-time, full-time bachelor's (or equivalent) degree seeking undergraduate-students	281	73	248	602
B - Of the initial 2018 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; report total allowable exclusions	1	0	0	1
C - Final 2018 cohort, after adjusting for allowable exclusions	280	73	248	601

D - Of the initial 2018 cohort, how many completed the program in four years or less (by Aug. 31, 2022)	44	7	69	120
E - Of the initial 2018 cohort, how many completed the program in more than four years but in five years or less (after Aug. 31, 2022 and by Aug. 31, 2023)	30	4	40	74
F - Of the initial 2018 cohort, how many completed the program in more than five years but in six years or less (after Aug. 31, 2023 and by Aug. 31, 2024)	16	3	10	29

Fall 2017 Cohort

	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)
A - Initial 2017 cohort of first-time, full-time bachelor's (or equivalent) degree seeking undergraduate-students	254	67	222	543
B - Of the initial 2017 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; report total allowable exclusions	0	0	0	0
C - Final 2017 cohort, after adjusting for allowable exclusions	254	67	222	543
D - Of the initial 2017 cohort, how many completed the program in four years or less (by Aug. 31, 2021)	45	20	56	121
E - Of the initial 2017 cohort, how many completed the program in more than four years but in five years or less (after Aug. 31, 2021 and by Aug. 31, 2022)	20	8	28	56
F - Of the initial 2017 cohort, how many completed the program in more than five years but in six years or less (after Aug. 31, 2022 and by Aug. 31, 2023)	6	5	9	20
G - Total graduating within six years (sum of lines D, E, and F)	71	33	93	197
H - Six-year graduation rate for 2017 cohort (G divided by C)	27.95%	49.25%	41.89%	36.28%

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

	Men	Women	Another Gender	Unknown Gender
Total first-time, first-year students who applied in Fall 2024	863	2,065	0	0

- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.
- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included

in tuition (e.g., registration, health, or activity fees.)

- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.
- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, “total degree-seeking undergraduates”**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.
- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.

- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	117	143	260
B) Total number who are members of minority groups	36	35	71
C) Total number who are women	72	92	164
D) Total number who are men	45	51	96
E) Total number who are nonresidents (international)	0	0	0
F) Total number with doctorate, or other terminal degree	85	59	144
G) Total number whose highest degree is a master's but not a terminal master's	25	60	85
H) Total number whose highest degree is a bachelor's	6	20	26
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	1	4	5
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	15	to	1
Ratio is based on number of students:			2,421.28
Ratio is based on number of faculty:			164.19

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Institutional Enrollment - Men and Women

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

1. Report students formerly designated as "first professional" in the graduate cells.
2. For information on reporting study abroad students please see: https://nces.ed.gov/ipeds/pdf/Reporting_Study_Abroad_Students.pdf
3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.

<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Fall 2018 Cohort

	Recipients of a Federal Pell Grant	Recipients of a Subsidized Stafford Loan who did not receive a Pell Grant	Students who did not receive either a Pell Grant or a subsidized Stafford Loan	Total (sum of 3 columns to the left)

H - Six-year graduation rate for 2017 cohort (G divided by C)	32.35%	35.92%	41.59%	36.25%

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- Total students retained=students from the Fall 2023 cohort who are still enrolled as of Fall 2024 + students from Fall 2023 cohort who completed their bachelors program as of Fall 2024)
- (Students from the Fall 2023 cohort still enrolled as of Fall 2024 + Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024)/(Adjusted Fall 2023 cohort) *100
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

C9

Percent and number of first-time, first-year students enrolled in Fall 2023 who submitted national standardized (SAT/ACT) test scores.

- Include information for **ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.**
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other). If you average the scores, use the average to report the scores.

Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the **FULL 2025-2026** academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

- A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.
- Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.
- **Required fees** include only charges that all full-time students must pay that are **not** included

in tuition (e.g., registration, health, or activity fees.)

- Do **not** include optional fees (e.g., parking, laboratory use).

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.
- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).
- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, "total degree-seeking undergraduates"**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.
- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.

- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Number of Enrolled Students Awarded Non-need-based Scholarships and Grants

List the number of degree-seeking full-time and less-than-full-time undergraduates who had no financial need and who were awarded institutional non-need-based scholarship or grant aid.

- Numbers should reflect the cohort awarded the dollars reported in H1.
- In the chart below, students may be counted in more than one row, and full-time freshmen should also be counted as full-time undergraduates.

		First-time, Full-time, First-year	Full-time Undergrad (Incl. Fresh.)	Less Than Full-time Undergrad

H4-H5

Note: These are the graduates and loan types to include and exclude in order to fill out CDS H4 and H5.

Include:

- 2024 undergraduate class = all students who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024.
- Only loans made to students who borrowed while enrolled at your institution.
- Co-signed loans.

Exclude:

- Students who transferred in.
- Money borrowed at other institutions.
- Parent loans.
- Students who did not graduate or who graduated with another degree or certificate (but no bachelor's degree.)

H4

Provide the number of students in the 2024 undergraduate class who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024. Exclude students who transferred into your institution.	411

H5

Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The "Average per-undergraduate-borrower cumulative principal borrowed," is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	199	146	345
B) Total number who are members of minority groups	48	14	62
C) Total number who are women	106	92	198
D) Total number who are men	93	54	147
E) Total number who are nonresidents (international)	2	0	2

F) Total number with doctorate, or other terminal degree	146	42	188
G) Total number whose highest degree is a master's but not a terminal master's	48	69	117
H) Total number whose highest degree is a bachelor's	5	27	32
I) Total number whose highest degree is unknown or other (Note: Items f, g, h, and i must sum up to item a.)	0	8	8
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

I2

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	15		to	1
Ratio is based on number of students:		3,663.10		
Ratio is based on number of faculty:		247.18		

I3

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and

should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor’s degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution’s IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

3. If your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two binary categories.
4. **Dual Enrollment:** If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the full- or part-time "All other undergraduates" section.

For information on how to report study abroad students, please see: [NCES.GOV documentation](#).

Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**.

- Include international students only in the category "Nonresidents".
- **Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.**
- Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races".
- New guidance from IPEDS for reporting aggregate data: "Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."
- More information about other eligible (for financial aid purposes) non-citizens is available at

<https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

- Nonresident - A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.
- Dual Enrollment: If your institution enrolls high school students in college courses for credit either within a dual enrollment program or outside of a dual enrollment program, you may report the unduplicated count as part of the non-degree-seeking students included in the “Total Undergraduates (both degree & non-degree-seeking)” section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System’s Graduation Rate Survey (GRS).

- For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2024-2025 Survey.

<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor’s or equivalent programs, please disaggregate the Fall 2017 and Fall 2018 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

**Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.*

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor’s or Equivalent Programs

Please provide data for the **Fall 2018** cohort if available. If Fall 2016 cohort data are not available, provide data for the **Fall 2017** cohort.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term).

- The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.
- $\text{Total students retained} = \text{students from the Fall 2023 cohort who are still enrolled as of Fall 2024} + \text{students from Fall 2023 cohort who completed their bachelors program as of Fall 2024}$
- $(\text{Students from the Fall 2023 cohort still enrolled as of Fall 2024} + \text{Students from Fall 2023 cohort who completed their bachelor's program as of Fall 2024}) / (\text{Adjusted Fall 2023 cohort}) * 100$
- Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelors degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024?

C. First-Time, First-Year Admission

C1-C2 Applications

C1

First-time, first-year, students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in **Fall 2024**.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered

admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

	Men	Women	Another Gender	Unknown Gender
Total first-time, first-year students who applied in Fall 2024	662	1,378	0	0

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

- **Awarded aid:** The dollar amounts offered to financial aid applicants.
- **Financial aid applicant:** Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.
- **Indebtedness:** Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.
- **Institutional scholarships and grants:** Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.
- **Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.
- **Need-based aid:** College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

- **Need-based scholarship or grant aid:** Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.
- **Need-based self-help aid:** Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.
- **Non-need-based scholarship or grant aid:** Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

- **Non-need-based self-help aid:** Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.
- **Private student loans:** A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.
- **External scholarships and grants:** Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.
- **Work study and employment:** Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, “total degree-seeking” undergraduates**) in the following categories.

- If the data being reported are final figures for the 2023-2024 academic year (see the next item below), use the 2023-2024 academic year's CDS Question B1 cohort.
- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.
- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Note: These are the graduates and loan types to include and exclude in order to fill out CDS H4 and H5.

Include:

- 2024 undergraduate class = all students who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024.
- Only loans made to students who borrowed while enrolled at your institution.
- Co-signed loans.

Exclude:

- Students who transferred in.
- Money borrowed at other institutions.
- Parent loans.
- Students who did not graduate or who graduated with another degree or certificate (but no bachelor's degree.)

H4

Provide the number of students in the 2024 undergraduate class who started at your institution as first-time students and received a bachelor's degree between July 1, 2023 and June 30, 2024. Exclude students who transferred into your institution.	413

H5

Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The “Average per-undergraduate-borrower cumulative principal borrowed,” is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

Source/Type of Loan	Number in the class (defined in H4 above) who borrowed from the types of loans specified in the first column	Percent of the class (defined above) who borrowed from the types of loans specified in the first column (nearest 1%)	Average per-undergraduate-borrower cumulative principal borrowed from the types of loans specified in the first column (nearest \$1)

I. Instructional Faculty and Class Size

I1

Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution’s payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(A) Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(B) Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(D) Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(E) Faculty on sabbatical or leave with pay	Include	Exclude
(F) Faculty on leave without pay	Exclude	Exclude
(G) Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
A) Total number of instructional faculty	163	167	330
B) Total number who are members of minority groups	25	16	41
C) Total number who are women	101	111	212
D) Total number who are men	62	56	118
E) Total number who are nonresidents (international)	2	0	2
F) Total number with doctorate, or other terminal degree	132	51	183
G) Total number whose highest degree is a master's but not a terminal master's	29	99	128
H) Total number whose highest degree is a bachelor's	2	15	17
I) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	0	2	2
J) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students			

Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students.

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty Ratio:	13	to	1
Ratio is based on number of students:			2,868.35
Ratio is based on number of faculty:			218.11

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Degrees Conferred

J1

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
