Graduate and Professional Education Placement for Bachelor's Degree Recipients

2019-20 through 2021-22

The Higher Education Opportunity Act (HEOA) requires institutions to disclose the percentage of recent bachelor's degree recipients who pursued further education at the graduate or professional level. These views are derived from matching the 2019-20 through 2021-22 bachelor's degree graduates with internal data sources and with the use of the National Student Clearinghouse Student Tracker Service (NSCSTS). These graduates were tracked through the spring of 2022 to identify advanced degree placement.

The data below reference the bachelor's degree recipients who enrolled in, or received additional credentials from graduate or professional programs beyond their bachelor's degree. The "Areas of Graduate/Professional Study" depict the broad disciplines of these educational pursuits, but this information is only available for students pursuing graduate study at a campus in the IU system. Disciplines with less than 10 instances and records where a credential or enrollment could not be defined are grouped as 'Unknown.'

Bachelor's Degree Recipients	1,710
in graduate or professional programs	293
percent pursuing further education	17%

Areas of Graduate/Professional Study	Count	Percent of Total
Health Professions and Related Programs	103	35%
Business, Management, Marketing, and Related Support Services	44	15%
Public Administration and Social Service Professions	30	10%
Education	28	10%
Liberal Arts and Sciences, General Studies and Humanities	18	6%
Biological and Biomedical Sciences	10	3%
Unknown	60	20%
Total	293	100%
