

## 12-month Enrollment 2019-20

Institution: Indiana University-East (151388)

User ID: 88G2401

### Overview

#### 12-month Enrollment Overview

The 12-month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's - professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

#### Data Reporting Reminder

- All institutions must use the July 1 - June 30 reporting period.

#### Changes to reporting for 2019-20

- The term 'contact hour' has been replaced with the term 'clock hour'
- The term 'formal award' has been replaced with the term 'recognized postsecondary credential'
- There is a new instruction to exclude students participating in Experimental Pell (See <https://experimentalsites.ed.gov/exp/approved.html>)

For 2020-21 changes, please review the preview screens available on the [Survey Materials](#) page.

### Undergraduate Instructional Activity Type

Undergraduate instructional activity data in Part B may be reported in units of clock hours or credit hours.

Which instructional activity units will you use to report undergraduate instructional activity?

Please note that any graduate level instructional activity must be reported in credit hours.

- Clock hours
- Credit hours
- Both clock and credit hours (some undergraduate programs measured in clock hours and some measured in credit hours)

You may use the space below to provide context for the data you've reported above.

## Part A - Unduplicated Count

### 12-month Unduplicated Count by Race/Ethnicity and Gender

July 1, 2018 - June 30, 2019

#### Reporting Reminders:

- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only
- Even though Teacher Preparation certificate programs may require a Bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

#### Graduate Student Reporting Reminder:

- Report all postbaccalaureate degree and certificate students as graduate students, including any doctor's - professional practice students (formerly first-professional)

## Part B - Instructional Activity

### 12-month Instructional Activity

July 1, 2018 - June 30, 2019

#### Instructional Activity Reporting Reminder:

- Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- Graduate credit hour activity should not include any doctor's – professional practice activity, the total of those students' FTE is entered separately instead.

#### FTE Reporting Reminder:

- Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE calculations would be misleading for comparison purposes among all IPEDS reporting institutions.

	2018-19 total activity	Prior year data
<b>Instructional Activity</b>		
<b>Undergraduate level:</b>		
Credit hour activity	82,240	<b>80,534</b>
<b>Graduate level:</b>		
Credit hour activity	4,540	<b>3,297</b>

Calendar system (as reported on the prior year IC Header survey component): **Semester**

If the IPEDS calculated FTE estimates below are not reasonable, **AND** you have reported the correct instructional activity hours above, enter your best FTE estimate in the "Institution reported FTE" column below and save the page. This option should be used **ONLY** if the calculated estimate is not reasonable for your institution and IPEDS comparisons.

Please provide your best estimate of undergraduate and graduate FTE for the 12-month reporting period **only if the calculated FTE estimate below is not reasonable for IPEDS comparison purposes:**

	Calculated FTE 2018-19	Institution reported FTE 2018-19	Prior year FTE 2017-18
Undergraduate student FTE	2,741	2,741	<b>2,684</b>
Graduate student FTE	189	189	<b>137</b>
Total FTE students	2,930	2,930	<b>2,821</b>

The name of the preparer is being collected so that we can follow up with the appropriate person in the event that there are questions concerning the data. The Keyholder will be copied on all email correspondence to other preparers.

The time it took to prepare this component is being collected so that we can continue to improve our estimate of the reporting burden associated with IPEDS. Please include in your estimate the time it took for you to review instructions, query and search data sources, complete and review the component, and submit the data through the Data Collection System.

Thank you for your assistance.

**Summary screen****12-Month Enrollment Component Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2019.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

12-month Enrollment

Indiana University-East (151388)

Source	Description	Severity	Resolved	Options
<b>Screen: Unduplicated count</b>				
Screen Entry	The 12-month unduplicated count of undergraduate students for American Indian or Alaska Native Women (6) is different than expected when compared with the same category (7) in the prior year Fall Enrollment survey, because the official fall enrollment reporting date falls within the 12-month timeframe for E12. Please correct your data or explain. (Error #9357)	Explanation	Yes	
Reason:	We had one female student who was identified as American Indian in the fall, but was also enrolled in the spring when they changed their ethnicity to 2 or more races. So the 12 month enrollment period reported the student as 2 or more.			
Screen Entry	The 12-month unduplicated count is outside the expected range of between 268 and 496 when compared to the prior year value reported for this student level. Please correct your data or explain the change in enrollment. (Error #9304)	Explanation	Yes	
Reason:	IU East had record graduate student enrollment in the past year, up ~7%, which explains the increase that is slightly out of range from the prior year. The campus also recently added four new Master Degree programs and a few graduate certificates that are helping to boost graduate enrollments.
