Overview

12-month Enrollment Overview

The 12-month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's - professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminders:

All institutions must use the July 1 - June 30 reporting period.

Undergraduate Instructional Activity Type Undergraduate instructional activity data in Part B may be reported in units of contact hours or credit hours.
Which instructional activity units will you use to report <u>undergraduate</u> instructional activity?
Please note that any graduate level instructional activity must be reported in credit hours.
O Contact hours
⊙ Credit hours
O Both contact and credit hours (some undergraduate programs measured in contact hours and some measured in credit hours)
You may use the space below to provide context for the data you've reported above.

Part A - Unduplicated Count

12-month Unduplicated Count by Race/Ethnicity and Gender July 1, 2017 - June 30, 2018

Reporting Reminders:

- •Report Hispanic/Latino individuals of any race as Hispanic/Latino
- •Report race for non-Hispanic/Latino individuals only
- Even though Teacher Preparation certificate programs may require a Bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Graduate Student Reporting Reminder:

• Report all postbaccalaureate degree and certificate students as graduate students, including any doctor's - professional practice students (formerly first-professional)

Part B - Instructional Activity

12-month Instructional Activity July 1, 2017 - June 30, 2018

Instructional Activity Reporting Reminder:

- •Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- •Graduate credit hour activity should not include any <u>doctor's professional practice</u> activity, the total of those students' FTE is entered separately instead.

FTE Reporting Reminder:

•Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE <u>calculations</u> would be misleading for comparison purposes among all IPEDS reporting institutions.

	2017-18 total activity	Prior year data
Instructional Activity		
Undergraduate level:		
Credit hour activity	74,380	79,754
Graduate level:		
Credit hour activity	3,075	2,894

If the IPEDS <u>calculated</u> FTE estimates below are not reasonable, **AND** you have reported the correct instructional activity hours above, enter your best FTE estimate in the "Institution reported FTE" column below and save the page. This option should be used **ONLY** if the calculated estimate is not reasonable for your institution and IPEDS comparisons.

Please provide your best estimate of undergraduate and graduate FTE for the 12-month reporting period **only if the** calculated FTE estimate below is not reasonable for IPEDS comparison purposes:

The name of the preparer is being collected so that we can follow up with the appropriate person in the event that there are questions concerning the data. The Keyholder will be copied on all email correspondence to other preparers. The time it took to prepare this component is being collected so that we can continue to improve our estimate of the reporting burden associated with IPEDS. Please include in your estimate the time it took for you to review instructions, query and search data sources, complete and review the component, and submit the data through the Data Collection System.

Thank you for your assistance.

12-Month Enrollment Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution's CEO in November 2018.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

12-month Enrollment

Indiana University-Kokomo (151333)

Source	Description	Severity	Resolved	Options	
Screen: Unduplicated count					
Screen Entry	The 12-month unduplicated count is outside the expected range of between 3,766 and 5,648 when compared to the prior year value reported for this student level. Please correct your data or explain the change in enrollment. (Error #9304)	Explanation	Yes		
Reason: Effective fall 2017 census, IU will no longer include high school students taking dual-credit courses in official counts. The new definition will produce a more realistic and stable view of enrollment trends and more accurately reflect the breadth of the university's programs, resources, and presence in local communities going forward.
