

## Fall Enrollment 2017-18

Institution: Indiana University-Kokomo (151333)

User ID: 88G2401

### Overview

#### Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time student retention rates and the student-to-faculty ratio are collected. Every other year data on residence of first-time undergraduates is required and in opposite years, enrollment by student age is required to be reported.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

#### Data Reporting Reminders:

- Part B, Enrollment of students by age, is **required** this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is **optional** this year.

**Part E - First-time Bachelor's Cohort Retention Rates (Full-time)**

**Retention Rates**

**Full-time, First-time Bachelor's Cohort from Fall 2016**

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2016 and retention based on August 1, 2017.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from and inclusions are added to the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

**Retention Data Reporting Reminders:**

- Include only **full-time, first-time bachelor's** students in this cohort.
- Determine the full-time cohort using Fall 2016 status (e.g. if a student was full-time in Fall 2016, report them in the full-time cohort regardless of their Fall 2017 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E2b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

**Part E - First-time Bachelor's Cohort Retention Rates (Part-time)**

**Retention Rates**

**Part-time, First-time Bachelor's Cohort from Fall 2016**

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2016 and retention based on August 1, 2017.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

**Retention Data Reporting Reminders:**

- Include only **part-time, first-time bachelor's-seeking** students in this cohort.
- Determine part-time using Fall 2016 attendance status (e.g. if a student was part-time in Fall 2016, report them in the part-time cohort regardless of their Fall 2017 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E7b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E6) but who have re-enrolled at the institution their second year.

**Prepared by**

The name of the preparer is being collected so that we can follow up with the appropriate person in the event that there are questions concerning the data. The Keyholder will be copied on all email correspondence to other preparers.

The time it took to prepare this component is being collected so that we can continue to improve our estimate of the reporting burden associated with IPEDS. Please include in your estimate the time it took for you to review instructions, query and search data sources, complete and review the component, and submit the data through the Data Collection System.

Thank you for your assistance.

**Summary**

### Fall Enrollment Survey Summary Four-Year Institutions with Graduate Students

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2017.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

<b>Screen: Part A - Fall Enrollment for Part-time Undergraduate Students</b>				
Screen Entry	The number entered is outside the expected range when compared with the prior year value. Please correct your data or explain. (Error #6304)	Explanation	Yes	
Reason:	Effective fall 2017 census, IU will no longer include high school students taking dual-credit courses in official counts. The new definition will produce a more realistic and stable view of enrollment trends and more accurately reflect the breadth of the university's programs, resources, and presence in local communities going forward.

<b>Screen: Part A - Fall Enrollment by Distance Education Status</b>				
Screen Entry	All graduate students exclusively enrolled in distance education courses are not expected to be reported under the same location category. Please correct your data or explain. (Error #6172)	Explanation	Yes	
Reason:	There are only 5 of these graduate students, and they are all older. They are all Indiana residents, but just probably have jobs. Meaning it's just easier for them to take distance education classes rather than face-to-face classes.

<b>Screen: Part E - First-time Bachelor's Cohort Retention Rates (Full-time)</b>				
Screen Entry	The full-time, first-time bachelor's cohort reported in Part E (468) is outside the expected range when compared with the prior year value (Fall 2015 cohort). Please correct your data or explain. (Error #6164)	Explanation	Yes	
Reason:	There are beliefs at the campus that the drop in the full-time, first-time 2016 bachelor's cohort may, in part, be due to the improving economy in the IU-Kokomo service region. IU-Kokomo is implementing several yield strategies, including more emphasis on communication with parents, earlier scholarship award notifications, and a "first data" campaign. There are also ventures of recruiting into Illinois to try to capture that market.			
<b>Screen: Part E - First-time Bachelor's Cohort Retention Rates (Part-time)</b>				
Screen Entry	The part-time, first-time bachelor's cohort reported in Part E (26) is outside the expected range when compared with the prior year value (Fall 2015 cohort). Please correct your data or explain. (Error #6805)	Explanation	Yes

Screen Entry	The calculated cohort retention rate is outside the expected range when compared with the prior year value. Please correct your data or explain. (Error #6308)	Explanation	Yes	
Reason:	The beginning cohort dropped by 14 from 40 to 26, but approximately the same number of students were retained when comparing to last year. The beginning cohorts are not large, so any drop will cause a larger percentage change.
