Overview

Overview

The purpose of the IPEDS Finance component is to collect basic financial information from items associated with the institution's General Purpose Financial Statements.

Data Reporting Reminder:

• Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2020-21 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Summary

Finance Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the <u>Data Center</u> and sent to your institution's CEO in November 2020.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@nti.org.

Source	Description	Severity	Resolved	Options		
Screen: Scholars	hips & Fellowships					
Screen Entry	The amount reported is outside the expected range of between 92,704 and 278,110 when compared with the prior year value. Please correct your data or explain. (Error #5301)	Explanation	Yes			
Reason	Current year amount includes CARES Act Part A funding, a significant source of federal grant revenue that was new to the current year.					
Perform Edits	The fiscal year for this institution exactly matches the coverage period specified in SFA (July 1 to June 30) therefore, we would expect the grant/scholarship aid awarded in SFA (\$17,894,781) to be similar to the scholarship/fellowship revenue reported in Finance (\$11,793,044). Please review your data and make any necessary corrections, or explain. (Error #5309)	Explanation	Yes			
Reason	The IPEDS SFA Survey uses several different parameters than the IPEDS Finance survey. The time periods used by these two IPEDS Surveys are different. The IPEDS Finance Survey is for the 12-month fiscal year that starts in July 2019 (part of the 2018-19 academic year). In contrast, IPEDS Student Financial Aid (SFA) instructions ask for data for the 2019-20 academic year, "defined as the period of time generally extending from September to June; usually equated to 2 semesters." In addition, IPEDS SFA is limited to undergraduates who were enrolled at fall 2019 census, while IPEDS Finance is not restricted to a particular student population. Finally, IPEDS SFA Part B item 01 collects "grant and scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution." In contrast, IPEDS Finance excludes funds that are not recognized as revenue such as funds from the State of Indiana and most private scholarship sources.					
Screen: OPEB In	ormation					
Screen Entry	The amount reported is outside the expected range of between 153,257 and 318,301 when compared with the prior year value. Please correct your data or explain. (Error #5301)	Explanation	Yes			
Reason	Increase in OPEB deferred inflows of resources related to differences between expected and actual experience of retiree health insurance.					
Perform Edits	The amount reported for OPEB expense (Part M-2 - line 05) is not expected to be greater than the amount of Pension expense (Part M-1 - line 01). Please explain or contact the IPEDS Help Desk for assistance. (Error #5819) Explanation Yes					
Reason	The defined benefit plan that leads to the pension expense covers non-exempt staff and closed to new members on July 1, 2013. Staff that were in that plan prior to then are grandfathered. OPEB covers retiree health and life insurance for all eligible faculty and staff and an interim benefit plan for faculty and some exempt staff hired before July 1, 1988. Based on population and benefits, OPEB expense is higher.					
Perform Edits	The amount reported for Net OPEB liability (Part M-2 - line 06) is not expected to be greater than the amount of Net Pension liability (Part M-1 - line 02). Please explain or contact the IPEDS Help Desk for assistance. (Error #5820)	Explanation	Yes			
Reason	The defined benefit plan that leads to the pension expense covers non-exempt staff and closed to new members on July 1, 2013. Staff that were in that plan prior to then are grandfathered. OPEB covers retiree health and life insurance for all eligible faculty and staff and an interim benefit plan for faculty and some exempt staff hired before July 1, 1988. Based on population and benefits, OPEB expense is higher.					
Screen: Endowm	ent data					
Screen Entry	The value of endowment assets at the beginning of the fiscal year (line 01) is expected to be equal to the prior year value of endowment assets at the end of the fiscal year (line 02). Please correct your data or explain. (Error #5186)	Explanation	Yes			
Reason	The additional information requested for Part H of the survey this year caused a reevaluation of the method used to allocate endowments by campus.
