Institution: Indiana University-Purdue University-Indianapolis (151111)

User ID: 88G2401

#### Overview

#### IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

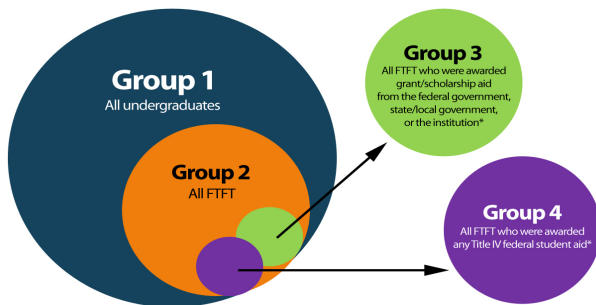

#### Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

#### Undergraduate Student Groups

You will be asked to report information for different groups of students.

- Group 1: All undergraduate students
- Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
- Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

\*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions  
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists  
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages  
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes  
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

#### Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

## Section 1: Comparison Chart

## Comparison Chart

## Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

## Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

## Edit Report

## Student Financial Aid

Source	Description	Severity	Resolved	Options
<b>Screen: Part C, Page 2 - Enter Information about Group 2</b>				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 3,150 and 4,514 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to changes in dozens of funds, some of which were awarded in one year but not the other. Examples include the Jaguar Excellence Awards (only in 2020-21), and increased average awards in the Midwest Student Exchange Program and Pledge Awards due in part to larger awards to fewer students.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,484 and 2,848 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to awarding a lower average federal pandemic HEERF fund award in 2020-21.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 10,925 and 12,289 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to smaller average private student loan amounts in 2020-21.			
<b>Screen: Part D - Enter Information about Group 3</b>				
Screen Entry	The number entered is outside the expected range of between 497 and 923 when compared with the prior year value. Please correct your data or explain. (Error #7169) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	The number of gift aid recipients increased due to the awarding of Pledge Grants, which supplement awards like Pell Grants, to more students, and to the addition of some small-value awards in 2019-20, as explained in the edit message for Part C, line 04.			
Screen Entry	The number entered is outside the expected range of between 542 and 1,004 when compared with the prior year value. Please correct your data or explain. (Error #7169) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	The number of gift aid recipients increased due to the awarding of Pledge Grants, which supplement awards like Pell Grants, to more students, and to the addition of some small-value awards in 2019-20, as explained in the edit message for Part C, line 04.			
<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The number entered is outside the expected range of between 649 and 1,205 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Overall the full-time beginner class decreased between fall 2019 and fall 2020. The larger decrease in on-campus students compared with off-campus was likely due to Covid-19-related de-densified dorms, which had fewer students per room for social distancing purposes.			
Perform Edits	The average amount of aid per grant/scholarship awardee (15,650.87) for 2018-19 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7378) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	For the income range of \$0 - \$30,000, the decrease in average non-private gift aid is mostly due to state of Indiana 21st Century Scholarship recipients comprising a smaller percentage of the 2019 total than in 2018.
