Overview

IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Undergraduate Student Groups
 You will be asked to report information for different groups of students.
 - Group 1: All undergraduate students
 - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
 - Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
 - Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
 Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
 Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
 SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
 You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 4,268 and 5,632 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to awarding a lower average federal pandemic HEERF fund award in 2020-21.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 7,117 and 8,481 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to awarding lower average federal pandemic HEERF fund awards and IU-funded gift aid in 2020-21.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 4,380 and 5,744 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to larger average private loan amounts in 2020-21.			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered is outside the expected range of between 190 and 352 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	The overall increase in students for Part D may be associated with the fact that more students received Pell Grants, Obannon Grants, and various IU undergraduate scholarships.			
Screen Entry	The number entered is outside the expected range of between 63 and 115 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Beginning in fall 2019, the campus financial aid office took steps to identify more accurately which dependent students are living on their own and updated the student records to reflect this.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The average amount of aid per grant/scholarship awardee (10,440) for 2020-21 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7388)	Explanation	Yes	
Reason	The slight increase in the average Group 4 gift aid from 2019-20 (\$10,340) to 2020-21 (\$10,477) for the \$0-\$30K income level is due to the increased Pell Grant payment schedule and increased amounts for tuition-based state awards like the 21st Century Scholarship.			
Screen Entry	The number entered is outside the expected range of between 66 and 120 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Beginning in fall 2019, the campus financial aid office took steps to identify more accurately which dependent students are living on their own and updated the student records to reflect this.			
Screen Entry	The average amount of aid per grant/scholarship awardee (10,339.54) for 2019-20 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7383) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	The average amount of gift aid for the \$0-\$30,000 income range is influenced primarily by these award programs, which have stable eligibility requirements from year to year and offer significant funding to low-income students: Pell Grants, 21st Century Scholarships, and OBannon Grants.			
Perform Edits	The average amount of aid per grant/scholarship awardee (10,557.56) for 2018-19 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7378) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	This value has been checked and it is accurate. Despite an increase in COA, the average aid per recipient was actually less in 2019 than it was in 2018.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	These values have been checked and they are accurate. There were more students in this income range in the prior year, and they received a greater number of awards; for instance, no 2019 student in this income range received the National Science Award, CVO Fee Remissions, Special Academic Tier 1A, or the Mitch Daniels Scholarship, all of which accounted for over \$32k of funding awarded to students in this income range in the prior year.			

Screen: Military Servicemembers and Veteran's Benefits				
Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	
Reason	The change from 2019-20 to 2020-21 is due to the small number of recipients and the wide variability in students' eligibility based on their enrolled credit hours.
