Overview

IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Undergraduate Student Groups
 You will be asked to report information for different groups of students.
 - Group 1: All undergraduate students
 - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
 - Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
 - Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
 Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
 Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
 SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
 You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 7,831 and 9,195 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference between 2019-20 and 2020-21 is due to larger average private loan amounts in 2020-21.			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered is outside the expected range of between 96 and 176 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The decrease in on-campus students compared with off-campus was likely due to Covid-19-related de-densified dorms, which had fewer students per room for social distancing purposes.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range of between 94 and 172 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The decrease in on-campus students compared with off-campus was likely due to Covid-19-related de-densified dorms, which had fewer students per room for social distancing purposes.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	The average Group 4 gift aid for the \$75K-\$110K income range decreased from 2019-20 (\$3,457) to 2020-21 (\$1,793) based on several factors. State of Indiana 21st Century Scholarships accounted for a majority of funding in 2019-20, and the number in this income range who qualified for this award decreased in 2020-21. Also, there were changes in dozens of IU funds from 2019-20 to 2020-21, some of which were awarded in one year but not the other. For example, a large athletic award in 2019-20 accounted for 18% of that year's total and no 2020-21 students in this income range received athletic scholarships.			
Screen: Military Servicemembers and Veteran's Benefits				
Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	
Reason	The change from 2019-20 to 2020-21 is due to the small number of recipients and the wide variability in students' eligibility based on their enrolled credit hours.
