

**Overview**

**IPEDS Student Financial Aid Component Overview**  
**Public Academic Reporters**

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

**Changes to reporting for 2019-20**

- There is a new instruction to exclude students participating in Experimental Pell (See <https://experimentalsites.ed.gov/exp/approved.html>)

**Data Reporting Reminders**

**Undergraduate Student Groups**

You will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
- **Group 3:** Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

\*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

**COA Revisions**

Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component.

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

**College Affordability and Transparency Lists**

Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.

**Interactive Edits and Error Messages**

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

**Context Boxes**

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

**Section 1: Comparison Chart****Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

**Note:** Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 2,330 and 3,494 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The increase in average institutional grants is mostly due to an increase in Athletics Fee Remissions. Seven students in 2018 received an Athletics Fee Remission for a total of \$57,783. In 2019, 18 students received an Athletics Fee Remission for a total of \$178,654. This amounted to an increase from 2018 to 2019 of \$1,670 per award recipient, totaling \$120,871.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 365 and 547 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	Of the two awards existing in this category, the average amount stayed roughly the same across years for the Supplemental Educational Opportunity Grant (SEOG) and increased for the federal TRIO Program Pell Supplement (CFDA 84.042) (\$1,171 in 2018 and \$1,325 in 2019). However, there were 34 additional recipients of the SEOG and 13 fewer for the TRIO Pell Supplement. Therefore the overall aid decreased from 2018 to 2019 by over \$8,700, while the total number of aid recipients increased by 25.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 5,840 and 8,758 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The increase in total and average private loans is due to the small number of recipients, the wide variability in students' eligibility, and differences in students' risk-aversion to borrowing.			
<b>Screen: Part D - Enter Information about Group 3</b>				
Screen Entry	The number entered is outside the expected range of between 90 and 166 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The number of gift aid recipients who indicated living off campus with family on their FAFSA has been checked and is accurate. As shown in Part E below, most of the increase in full-time beginners with gift aid from 2018 to 2019 falls within the \$0 - \$30,000 family income range, and it is reasonable that the majority of students from lower-income families would live with their family.			
<b>Screen: Part E - Enter Information about Group 4</b>				
Perform Edits	The average amount of aid per grant/scholarship awardee (11,558.05) for 2018-19 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7388)	Explanation	Yes	
Reason:	The average gift aid among students in the \$0 - \$30,000 income range decreased from 2018 to 2019 mostly because the count of 21st Century Scholarship recipients remained unchanged, while Pell, SEOG, and state of Indiana OBannon Grant recipients increased from 2018 to 2019. These latter three awards (especially SEOG) have lower average amounts than the 21st Century Scholarship. As a result, higher-value state of Indiana 21st Century Scholarships contributed less to the overall average.			
Perform Edits	The average amount of aid per grant/scholarship awardee (12,288.42) for 2017-18 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7383)	Explanation	Yes	
Reason:	Larger average State of Indiana O'Bannon Grants, Pell Grants, and awards from several institutional funds (along with more recipients) contributed to the overall increase in average gift aid.
