IPEDS Student Financial Aid Component Overview
Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Changes to reporting for 2019-20

- There is a new instruction to exclude students participating in Experimental Pell (See <https://experimentalsites.ed.gov/exp/approved.html>)

Data Reporting Reminders

Undergraduate Student Groups

You will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
- **Group 3:** Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution

COA Revisions

Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component.

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.

Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Section 1: Comparison Chart**Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note: Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Indiana University-Northwest (151360)

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 448 and 670 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The number of National Science Award (AIMS) awardees was halved from the prior year (from 10 to 5), and the average AIMS award amount fell from \$5600 to \$3700. This explains most of the decrease in the average Other Federal Grant amount from 2017-18 to 2018-19.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 5,730 and 8,594 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	While the number of students receiving Private Loans doubled from 2018 to 2019 (from 6 to 12, respectively), the average amount of funding per student decreased by over \$1,200. The decrease in average private loans is due to the small number of recipients, the wide variability in students' eligibility, and differences in students' risk-aversion to borrowing.			
Screen: Part E - Enter Information about Group 4				
Perform Edits	The average amount of aid per grant/scholarship awardee (10,557.56) for 2018-19 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7388)	Explanation	Yes	
Reason:	This value has been checked and it is accurate. Despite an increase in COA, the average aid per recipient was actually less in 2019 than it was in 2018.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	These values have been checked and they are accurate. There were more students in this income range in the prior year, and they received a greater number of awards; for instance, no 2019 student in this income range received the National Science Award, CVO Fee Remissions, Special Academic Tier 1A, or the Mitch Daniels Scholarship, all of which accounted for over \$32k of funding awarded to students in this income range in the prior year.			
Perform Edits	The average amount of aid per grant/scholarship awardee (11,240.10) for 2017-18 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7383)	Explanation	Yes	
Reason:	Larger average State of Indiana O'Bannon Grants and Pell Grants (along with more recipients) contributed to the overall increase in average gift aid.
