#### Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

#### Changes to This Year's SFA Component

- Revisions to Cost of Attendance used to calculate the Net Price of Attendance can now be made in this component.

#### Data Reporting Reminders

##### Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution

#### College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

#### Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

#### Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

**Summary****IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2014.

<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The total number of Group 4 students who were awarded any grant or scholarship aid from the federal government, state/local government, or the institution across all income levels is outside of the expected range of between 709 and 1,869 based on the prior year value. Please correct your data or explain. (Error #7334)	Explanation	Yes	
Reason:	The data in column 2 for Group 4 for 2011-12 are correct using the 2011-12 definition for this column: unduplicated count of federal, state or institutional gift aid recipients who also received any Title IV aid. This differs from the 2010-11 figures that were carried forward, because the 2010-11 collection used a different definition for column 2: unduplicated count of recipients of Title IV gift aid. Both sets of figures were correctly reported each year.
